

Get Restore & Repel found first — in Google *and* in AI search.

You've rebranded from Master Clean into a full restoration company — but the new name is starting from scratch online. When a North Shore homeowner has water or fire damage and asks Google or ChatGPT "who's the best near me?", Restore & Repel needs to be the answer. This rebuilds the authority you lost in the rebrand and puts your name back in front of every high-value job.

THE PROBLEM

The rebrand cost you your online authority. Your old Master Clean profile carried 16+ reviews — the new Restore & Repel profile has just **1**, so Google has almost nothing to trust and you're invisible for the fire and water searches that matter. Meanwhile you're paying lead brokers like 33 Mile Radius a premium for leads they simply resell from Google, and your current GoDaddy site isn't built to be read by modern search or AI engines. Result: competitors get recommended, and you never even see the lead.

WHAT WE DELIVER — THE RANK AI GROWTH ENGINE

- ✓ **Rebuild your online authority** — a review reactivation campaign that emails & texts your past customers to rebuild your Google review volume fast, so you climb back into the map pack.
- ✓ **Automated review engine** — every new customer is automatically asked for a review; 5-star ratings go straight to Google while anything lower is routed to a private feedback form first — so your rating keeps climbing and stays protected.
- ✓ **Brand-new, conversion-built website** — a modern 250-page Astro site covering every service across your North Shore area (Winchester to Rockport), with clickable phone numbers and lead capture built in. Included at no extra cost.
- ✓ **AI Search Optimization** — JSON-LD schema and structure engineered to get Restore & Repel read and cited by name in ChatGPT, Gemini, and Claude for local restoration searches.
- ✓ **Complete Google Business Profile management** — add "Restoration" to your name for ranking, consistent 2x/week posting, and fast review responses that own the Maps 3-pack.
- ✓ **Direct Google LSA management** — we run your Local Service Ads directly and cut out the broker markup, so you pay for real leads at real cost — not resold ones.
- ✓ **Ongoing content engine** — targeted blogs, FAQs & YouTube videos that prioritize the high-value fire & water jobs you want, building the topical authority AI rewards.
- ✓ **24/7 AI receptionist & call tracking** **OPTIONAL** — every lead answered, booked, and attributed, day or night.

✓ **Live analytics dashboard** — real-time geo-grid map rankings + AI-visibility tracking, so you see exactly where you stand.

\$997 /month

No long-term contracts. No hidden fees. Cancel anytime.

Everything above, bundled into
one flat monthly.

TIMELINE

WEEKS 1-2

Rebuild & Launch

New Astro site live, GBP renamed & optimized, review campaign firing, tracking + dashboard wired up.

WEEKS 3-6

Authority Engine

Reviews climb, content & schema published — Google and AI engines start indexing and trusting you.

MONTH 2+

Rankings Climb

Map grid turns green; AI starts naming Restore & Repel. Direct LSAs fill the pipeline meanwhile.

Ready to start?

Reply with a "yes" and I'll send the onboarding link and agreement — we can start rebuilding within 48 hours. Or let's cover it live on our call Monday at 2:00 PM and get you moving. See a live AI-ranking report anytime at rank.restorationai.io.
